	Chapter 16: Section 2: Economic Development	

Pages 354-359 Anticipation Guide and Questions **Directions:** Write "Agree" or "Disagree" beside each statement below **BEFORE** you start the reading. Then, read the selection (pages 354-359). Finally, revisit your choices at the end of the reading. If your choices were incorrect, explain why under the "After Reading" selection. (The first one has been done for you). Also, if the answer statement was false, change it to make it TRUE.

selection. (The first one has been done for you). Also, if the answer statement was false, change it to make it TRUE.			
Before Reading	Chinese Economic Development under	After Reading	
Agree or disagree?	Chairman Mao	Agree or disagree?	
_Agree_	1. Under Mao, the government continued private ownership of land and businesses.	<b>Disagree</b> This is a false statement because under Mao, the government <u>stopped</u> all private ownership of land and businesses.	
	2. The Communists introduced collective farms in which members worked for the state (rather than for themselves).		
	3. In 1958, Chairman Mao introduced the Cultural Revolution.		
	4. Communes provided all workers with food, medical care, child care, and schooling.		
	5. The Great Leap Forward was a big success.		
	6. "Communism" is another name for "free market economy."		
	7. The Red Guards often quoted from the Little Green Book.		
	8. By 1978, Deng Xiaoping emerged as China's leader.		
	9. China is a developed nation today.		
	10. Special Economic Zones (SEZ) help foreign trade and investment to flourish in China today.		
		<u> </u>	

## Now, fill in the blank and then answer the questions. **Four Modernizations** 1. By 1978, \_\_\_\_\_\_ emerged as leader of China. 2. How did Deng Xiaoping differ in how he wanted China to achieve wealth and power as compared with Mao? 3. Identify the Four Modernizations. 2. 3. 4. 4. Describe what the responsibility system was like. **Building Industry** 5. How was the responsibility system extended to industry? 6. Describe three negative effects of China's booming economy. 1. 2. 3.
